

Empowering Kerala's Healthcare Diaspora: A Vision for AKMG Global

Migration has long been a hallmark of Kerala's healthcare landscape, with its talented physicians and dentists making significant strides across the globe. These professionals have not just established themselves but excelled in diverse roles, from researchers and educators to policymakers and entrepreneurs. However, amidst this global dispersion, a critical gap emerged - a need for a unified platform that could harness the collective expertise and resources of Kerala's healthcare diaspora. This is where the Association of Kerala Medical and Dental Graduates (AKMG) Global steps in, inaugurated on May 14, 2023, in the UAE as a sign of unity and collaboration.

The Vision of Unity

AKMG Global isn't just about networking; it embodies a visionary outlook aimed at uniting healthcare professionals of Kerala origin worldwide. My motivation for leading this initiative stems from a deep-seated belief in the power of unity and collective action, particularly in driving positive change within Kerala's healthcare landscape. By bringing together the best minds and hearts from Kerala's healthcare community, we can foster a culture of excellence, innovation, and mutual support.

My motivation for leading this initiative stems from a deep-seated belief in the power of unity and collective action, particularly in driving positive change within Kerala's healthcare landscape.

Addressing the Gap

The gap AKMG Global seeks to fill is profound — a lack of a cohesive platform for Kerala's healthcare diaspora to connect, collaborate, and support each other. This gap isn't just about professional networks; it's about creating a robust ecosystem
