## Why Lead AKMG Global

My leadership of AKMG Global is driven by a deep-rooted commitment to give back to Kerala and enhance its healthcare capabilities—a “reverse brain drain” of sorts. This leadership embodies a blend of vision, experience, and a genuine desire to catalyze positive change, making AKMG Global a platform not just for networking but for impactful action. I believe that by leading this initiative, we can create a ripple effect that transforms not only individual careers but also the broader healthcare ecosystem in Kerala.
